

PATIENT & STAFF STATION/CALL POINT

The CarePlus™ multifunction Call Point is a flush wall mount unit with a large push button for various nurse call stations. There are several colours and labels for different levels and alarms, and it comes complete with a reassurance light and tone for patient reassurance. The CarePlus™ Call Point has antimicrobial protection built into the device to reduce risk and spread of infection, bacteria, and MRSA infections.

Features:

- Reassurance light (active call light)
- Raised colourful Call and Cancel buttons
- Braille call button
- Optional audio reassurance
- Pendant out alarm
- Various colours and functions
- Two priorities per call point
- A chair or bed pendant can also be attached to the Call Point via the socket point.
- Large easily identified call push button with reassurance light
- Antimicrobial properties including; Bacterial, Fungal, Algae and Steplomyctes
